Website

Beginning in 2014, the RM council meeting minutes will be available on our website. If you wish to continue receiving them by mail, you will be charged a mail out fee. The 2012 Financial Statement is now available for viewing on our website.

Pest Control Officer/Weed Inspector

The RM of Aberdeen is currently seeking a friendly individual to take on the position of Pest Control Officer and Weed Inspector. Please inquire at the RM Office if you are interested.

Building Permits

The RM of Aberdeen would like to remind all of you that have OPEN outstanding permits that permits are valid for 12 months from date of issue. To avoid an order being placed on your property, please ensure all deficiencies have been corrected and final inspections conducted. We appreciate your prompt co-operation on closing all open permits in a timely manner.

9-1-1 Be Prepared

RM of Aberdeen would like to encourage all ratepayers to be prepared for emergencies. During time of crisis, seconds can make a difference between life and death. As emergency situations are stressful, even the most level headed people can become flustered. To avoid giving incorrect or confusing directions to emergency workers, it is recommended to WRITE out directions and post them in a drawer or on the inside of cupboard door near your phone. Be sure to add the LEGAL LAND LOCATION with detailed directions on how to reach your property.

Please be aware that a CIVIC address in country residential areas (ie: street name) will NOT be enough information to get emergency workers to your door. Being able to READ the directions will ensure emergency personnel are given a direct route to your home. **Please feel free to contact the RM office to confirm your land location if you do not have it readily available.**

Plowing of Snow on Municipal Right of Way

As the snow begins to arrive, please be advised the practice of plowing snow ONTO or ACROSS municipal right-of-way is NOT a permitted practice. Guilty Parties will be subject to Fines. This practice can cause serious safety issues for motorists and municipal road crew. Snow piles being left can cause drifting on the roadways, create ridges that settle and harden thus creating serious hazards to motorists and grader operators, and potential damage to graders. Individuals in contravention will have the snow removed by municipal road crews and all expenses incurred shall be borne solely by the responsible party.

Road Closures

Parts of the Aberdeen South Grid and Gordon Road are still under water and will remain closed until further notice. The RM does not condone driving on any ice road or road that may have water over it. Road Closed signs are placed for your protection and are not to be ignored.

The Municipality would like to extend our gratitude for your tolerance and understanding as we deal with impassable roads, and road closures. Your assistance in reporting problem areas is appreciated and we request your continued patience as our road crew continues to fight the elements to provide roads that we will all be happy with.

Tip of the Month

Use tension rod to hang spray bottles under your sink. This will help create more space for other important items.

Aberdeen Christmas Miracles

The generosity of the Aberdeen and area people is heartwarming! It leaves Mrs. Claus speechless, again! Mrs. Claus and the Elves wish you all a peaceful Christmas and a Happy New Year.

All those listed are donors, although many more wish to remain anonymous. (A special thank you to all those I forgot to add to the list) A VERY special thank you to all the elves that made this possible, and to all those "Angels" who arrived on my doorstep with armloads of gifts, clothes and other goodies.

(Shock Trauma Air Rescue Society) STARS offers time, hope and life-saving transport to critically ill and injured patients. They are a non-profit charitable organization. The stats are not out yet for 2013, but in 2012, 217 missions were flown in Saskatchewan. STARS comes out to all MVA, heart attacks, stroke, or any serious calls where they can do a transport by air quicker than by vehicle. MD Ambulance still comes to all calls; they can wave off STARS if they are not needed. As our community continues to grow, we will be seeing more of STARS.

I Can Read With My Eyes Shut!

Dr. Seuss

I can read in red. I can read in blue.
I can read in pickle color too.
I can read in bed, and in purple. and in brown.
I can read in a circle and upside down!
I can read with my left eye. I can read with my right.
I can read Mississippi with my eyes shut tight!

There are so many things you can learn about.
But...you'll miss the best things
If you keep your eyes shut.
The more that you read, the more things you will know
The more that you learn, the more places you'll go.

If you read with your eyes shut you're likely to find
That the place where you're going is far, far behind
SO...that's why I tell you to keep your eyes wide.
Keep them wide open...at least on one side.
