TOWN OF ABERDEEN Utility & Tax E-Billing

For all Aberdeen residents signed up for e-billing prior to September 30/18 your names were entered into a draw for "one \$100 off" on your next water bill. The lucky winners were Crysta and Joey Lalonde.

For those of you who have not signed up yet please contact the Town Office and an Email Consent Form will be forwarded to you. For any questions please contact the office by telephone at (306)253-4311.

Unfortunately, our MuniSoft program is having problems with SaskTel email addresses, we have been told an update is coming in a couple of weeks. This is due to a change with SaskTel. Anytime the attached file name is greater than 70 characters it will be truncated and the extension will be changed to ".dat". This only seems to affect SaskTel email addresses and only when the person is receiving email using Outlook. There are three ways to view the bill:

- View the email using SaskTel webmail
- Select to open the file with a PDF view
- Save the attachment with a .PDF extension.

MuniSoft is working on program changes to create shorter file names. We are not the only company that has reported issues with email attachments to Sasktel.net addresses.

As winter approaches the maintenance crew would like to request that you move anything that is close to your property line so that it will not interfere with snow removal. We don't want our side arm to cause any damage. Thank you.

ABERDEEN CHRISTMAS MIRACLES

Sponsored by the Town and RM of Aberdeen

We follow this guideline: hamper recipients must live in the Town or RM of Aberdeen and/or children must go to school in Aberdeen.

Do you know a family in need of help or support? For example:

- Serious illness, surgery
- Layoff, accident, or other family trauma
- Someone who needs food and/or winter clothes

Mrs. Claus and the Elves need your help finding these families.

- Take a moment to carefully look around you
- Remember "need" can mean many things and can be long or short term
- **Do not assume** that we know everyone's situation
- **Do not assume** that someone is on our list
- Every situation (referral) is checked and verified from four different sources
- **No verification means no hamper**
- Verification helps determine specific needs and set priorities / size and content of hampers
- **Do not use our Facebook page for referrals: referrals are anonymous and confidential**
- See below for contact info for referrals (Paulette, Marcea, or Post Office)
- Extra info is **very helpful**: full name, address, family situation, children's names and ages and sizes, allergies, medical conditions (that have dietary restrictions), etc.

**** *Deadline for referrals is November 30, 2018* ****

Sincerely,

Mrs. Claus (Paulette) 306-220-5391

ABERDEEN & DISTRICT FIRE & RESCUE

“Be Aware – Fires Can Happen Anywhere!” was the theme for 2018 Fire Prevention Week.

Aberdeen & District Fire & Rescue, along with their mascot Sparky, visited the Kindergarten to Grade 3 students at Aberdeen Composite School about the importance of properly working smoke alarms, fire safety, and emergency planning.

This year **Emily Sapiha** was our **“Fire Chief for a Day”**. She got some great prizes and was also picked up for school and taken home in the fire truck.

Draws were again made to hand out smoke alarms: Emmett, Bayze, Jett, Jack, Alex, Norah M, Hugh S, Ethan S, Jocelyn K, Wasylia, Arian N

Over the last 17 years, Aberdeen & District Fire & Rescue has handed out over 270 smoke alarms during Fire Prevention Week.

Smoke alarms save lives ONLY when they are working

- Test smoke alarms at least once a month – push the test button.
- Install new batteries at least once a year or when your alarm “chirps” with a low battery warning.
- Smoke alarms do wear out – replace every 10 years.

Make an escape plan

- Plan and then practice your escape. Every member of your family should know at least two ways out from every room.
- Make sure open doors and windows are easy to open. When escaping from an upper story window, plan a safe way to the ground.
- Pick a meeting place outside the home where every member of the family can gather once they’ve escaped.
- Know your local emergency number and call from a cell phone or a neighbor’s house. Wait safely outside for the Fire Department to arrive.

Heat safety tips

- Always turn space heaters off when you go to bed or leave the house.
- Never leave children alone with a working fireplace, wood stove or space heater.
- Use a metal spark screen on your fireplace.
- Have your chimney inspected once a year by a professional. Clean chimney and flue pipes of creosote build up.
- Burn only dry, seasoned wood in wood stoves and fireplaces.
- Keep clutter and combustibles out of the basement, particularly away from furnaces and hot water heaters.
- Check fire extinguisher for expiration date.
- Keep live Christmas trees well-watered, check Christmas lights before decorating---discard any sets that are frayed or damaged.
- Candles can set the perfect mood for a holiday celebration, but remember to always blow out candles before leaving the room or going to bed.

Kitchen/appliance fires are still the #1 cause of house fire ~ BE SAFE!

Thank you for making fire safety your priority
