Outstanding Building Permits

There are a large number of outstanding building permits throughout the Town of Aberdeen. Many of these permits have construction deficiencies, which have still not been addressed, and some just need a final inspection. The Town is required by provincial legislation to enforce the National Building Code to ensure safe construction standards are met. Therefore, it is important for you to complete the work as listed on your last building inspection report from MuniCode Services and then call them at (306) 955-6355 to arrange a final inspection. If your project is not near completion and can't meet the 1-year permit deadline, please call the Town Office at (306) 253-4311 to ask for an extension to complete the project.

If you are unsure whether your property has any permits that have not been dealt with please check by calling the Town Office.

Please note: Should you go to sell your home these deficiencies and outstanding permits will come up on a Property Information Disclosure and could potentially stop the sale.

December 12th write it on your calendars. 3pm Santa and Rudolph are coming to town. He heard about all the Candy cane lovers and will be on his sleigh passing some out! He will stop on his beautiful sleigh and if you want a social distanced picture that can be arranged! That's not all at 6:30 after he makes his rounds there will be fireworks. So, get your hot chocolate bundle up and sing along as he makes his way through town! The route will be posted right before! RM people find yourself a empty spot in town to enjoy if you want to!

News

The ARC Annual General Meeting is being held Monday December 7th, 2020 7 PM in the ARC Tavern. Everyone Welcome.

The Aberdeen and District Charities Board of Directors would like to recognize Real Hamoline for his over 2 1/2 decades of service. The building and operation of the complex has been a passion for Real for years. There have been many successes and of course some frustrations but Real could always be counted on for support. As others have retired over the years he continued on and in the last number of years has donated much of his time, energy and funds to the farming project. The farming project has generated thousands of dollars each and every year for the complex without which it would struggle to operate. Real has retired from the Board this year so if you see him out and about or know him please give him a huge thank you for all his community building efforts.

THANK YOU REAL!!

On that note.....

We need to do a better job of recognizing all of our community members and businesses who help with the farming project and other donations of time and money to keep this outstanding complex operating. The complex was built by community members for community members and continues to operate on the goodwill and support of Aberdeen and District residents.

From the Pastor's desk:

Have you ever driven by the church in town and wondered who we are and what are we all about? Simply, we are members of your community. You see us around town. Well, not quite out and about as much these pandemic days but we are still active. And you know where to find us on Sunday morning. Our regular routine looks a little different than it once did but we are not afraid of change and especially if that change enables us to help out members of our community. Rick Block, SK director of the Canadian Foodgrains Bank remarked to me recently, "Your small congregation has often amazed me, the sense of 'looking' and 'responding' to the needs around them, whether neighbourhood or across the world." If that sounds like a kind of group you could see yourself as a part of, check us out sometime. You are always welcome.
